

“Hundred Ways”

9th of April, 2010

Week five and six

Term 3

Nursery Learner Profile: Caring, Communication, Risk Taker, Inquirer

Personal and Social Development

We were invited to a children’s festival and then to a grown up lunch. We were all on our best behaviour.

Creative Awareness

We made pictures of the view from our window. We drew the picture first then we added collage materials.

We also made different items for our airport.

Phoebe made a car.

Nursery Rhymes (Hand and finger strengthening activities):

Johnny work with one hammer
Here are mothers knives and forks

Mathematical Awareness/Puzzles/Construction

We have been working with measurement. We measured our pictures and frames. We have been comparing different sized eggs.

We cracked eggs into our cooking.

Unit of Inquiry- Central Idea-1. Friendship Enhance our lives.

Three new friends have settled in well. Kosei is a very caring always helping his friends. Yuki is hard working finishing all his work before he goes to play. Tetsuya is very funny and likes jokes.

Si Hyeon is trying hard with her English and making friends. We love our new friends

Physical Development Gross Motor-Obstacle course

Fine motor- Drawing, tracing, painting, flower arranging

Unit of Inquiry 2:
Central Idea-Through play we express our ideas and new understandings.

Our Town

We designed an airport for our town. We made a car park lights, airport cars, and aeroplanes.

We also worked on the cages for our zoo

Language and Literacy-Writing
We wrote cards to our friends and posted them in our letter box.

Language and Literacy-Reading

We read the recipe for making fudge and looked at the words for our new unit of Inquiry.

Unit of Inquiry 3:

Central Idea-All living things change.

We are learning about how eggs are different sizes, shapes and materials. We made paper mache eggs and designed puppets of animals that come out of eggs.

We also played a game where we were inside a paper egg and had to crack out of it.

Unit of Inquiry 4: Journeys teach us new things and give us new ideas. We made a plane in our classroom and flew to Xian. We looked at images of the terracotta warriors, then we dug up our own in the sand tray. We all learnt something from Miss Seales journey. We learnt that some horses were found. That crouching warriors were shooting arrows, if they had hand in front they were riding horses.
