

We miss you, Lisa!

We're already three weeks into Term 3 and we have lots of exciting stuff to catch up you up on! The Eager Beavers were sad to say goodbye to one of our friends last week - Lisa. We will miss her a lot and want to say a big thank you again for the presents and cake she shared with us on her last day!

I hope you all enjoyed the portfolios; we've already been hard at work collecting items to add to the portfolios! Students have easy access to their portfolios at all times in the classroom - they should be very proud of their work! ☺

# Year 1 Eager Beavers

Term 2 Week 3 -

Our Unit of Inquiry on families is well underway! We've been discussing what makes our families unique, we've written a family poem and we're learning some important family related vocabulary!

We have also begun doing weekly spelling tests. At the end of 9 weeks, students should have acquired a base of 100 words that are the most common read words in the English language. Already, students are doing a great job at picking out their spelling words in any text we read!

Maths has also been a lot of fun the past couple of weeks. We did a sand and water measuring activity, we designed our own rocket ships and built them with shapes blocks and we also collected materials from outside to make our own patterns! ☺

November 27, 2009

Book orders went home this past week so I hope you can all have a great time reading your new books together; we also have some great new books and materials for the classroom! With the flu becoming more prevalent, remember to wash your hands more often and bundle up well on those cold days! See you at our International Day event on Wednesday, December 2<sup>nd</sup>! ☺

-Ms. Melinda
