

## Year 2 Frogs Newsletter

Dear parents,

What a busy couple of weeks it has been in the Frogs classroom!

I would like to say a big thank you to the parents that came along to the information session the other week. It was lovely to meet you and I look forward to having some of you in the classroom soon.

The students had fun exploring the different ways the animals felt in the 'Noisy Monkey' story book by Michael Coleman. I must say there were some very noisy monkeys and angry hippos!

The children have been looking at 3D shapes and comparing them to 2D shapes.

Thank you for bringing in all those containers to school. It has enabled the students to compare and contrast the different 3D shapes and classify them according to whether they roll, stack and roll and discuss which shapes are better to build with.

The children completed their graph poster this week. It took them a long time to collate the data, draw up and label the graph ready for presentation. They are very proud of their work, as am I. Fantastic Effort everyone! 😊

As the weather is changing it is important that the children come to school with appropriate clothing. If it is rainy please pack a spare pair of socks and even shoes in case your child steps in a puddle!

I hope you all have a wonderful break and enjoy the festivities!

Debbie Thomson - Year 2 Frogs Teacher 😊
